Arki-Table

A perfect balance

design:
Pedrali R&D, 2012

EN — Arki-Table is a linear and rigorous table from a structural point of view, but at the same time versatile and designed for different uses. It is characterized by an ultra-thin top supported by an extruded aluminium frame, which remains hidden. The trestle legs in steel or solid oak ensure stability and grip on the ground.

IT — Il tavolo Arki-Table è lineare e rigoroso dal punto di vista strutturale, ma al contempo versatile e pensato per situazioni d'uso differenti. È caratterizzato da un ripiano ultra-sottile sostenuto da una cornice in estruso di alluminio, che rimane nascosta. Le gambe a cavalletto realizzate in acciaio o in massello di rovere garantiscono stabilità e aderenza al suolo.

Arki-Desk

A perfect balance

DESIGN
Pedrali R&D 2020

EN—The Arki-Desk's clean, linear design makes it particularly versatile and suitable for flexible and functional modern corporate and home offices. Steel or solid oak trestle legs are connected together by a steel support, to which the top is fixed for added stability. A more casual and playful version of the Arki-Desk with a coloured frame is also available.

IT—Arki-Desk è un tavolo che, grazie alla sua semplicità, risulta molto versatile, massimizzando la sua capacità di rispondere alle esigenze di flessibilità e funzionalità degli uffici moderni e home office. Le gambe a cavalletto, realizzate in acciaio o in massello di rovere, si collegano ad una traversa in acciaio, alla quale viene fissato il ripiano, garantendo stabilità e aderenza al suolo. Il telaio può essere colorato, rendendo Arki-Desk più informale e giocoso.

Arki-Base

A perfect balance

DESIGN
Pedrali R&D, 2016

EW — A collection of tables with an industrial look where the tube steel legs in rectangular section converge in the middle of the table top recalling the trestles used by blacksmiths. Arki-Base is available with three or four legs combined with tops in different sizes and finishes. Also for outdoor use.

IT — Una collezione di tavoli dal look industriale le cui gambe in tubolare d'acciaio a sezione rettangolare convergono nel centro del ripiano, richiamando i cavalletti delle officine dei fabbri. Arki-Base è disponibile a tre o quattro gambe e può essere abbinato a ripiani di differenti dimensioni e finiture. Disponibile anche finitura per outdoor.

Toa

Strength and lightness

DESIGN

Robin Rizzini, 2020

EN — The Toa table combines a technical-industrial style with decorative allure, giving life to a functional and evocative product. Lightweight and minimalist, the Toa table is characterised by a solid die-cast aluminium frame in a fluid geometric design connected by two steel beams suitable to support large sizes tops. Toa's main features are its tapered bridge legs made of die-cast aluminium, which are thinner at the base and widen up towards the "T" element that supports the top.

IT — Toa è un tavolo che unisce con equilibrio il linguaggio tecnico-industriale a quello decorativo, dando vita ad un prodotto funzionale ed espressivo. Leggero ed essenziale alla vista, il tavolo Toa è caratterizzato da una robusta struttura in pressofusione di alluminio dalla forma geometrica e fluida supportata da due barre in acciaio capaci di sostenere anche ripiani di grandi dimensioni. Elemento caratterizzante di Toa sono le gambe a ponte dalla forma affusolata realizzate in pressofusione di alluminio che, più sottili alla base, si allargano verso l'alto confluyendo sotto al ripiano in un elemento a "T".

Buddyhub desk

Friendly spirit

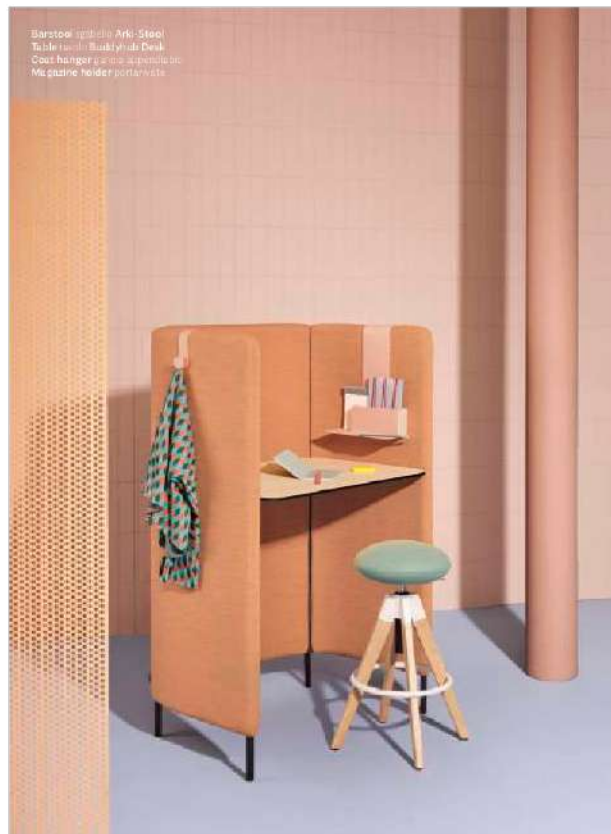

DESIGN
Busetti Garuti Redaelli, 2022

EN— Buddyhub desk is a functional and efficient workstation where users can concentrate and isolate. It features a perimeter sound-absorbing panel that embraces a solid laminate top, creating a sort of enclosed niche that ensures acoustic and visual privacy. It can be used as a multifunctional or standing workstation designed for informal work needs or for calls, in both a standing or sitting position.

IT— Buddyhub desk è una postazione di lavoro funzionale ed efficiente, in cui potersi concentrare e isolare. È caratterizzato da un pannello fonoassorbente perimetrale che abbraccia un piano di lavoro in stratificato, creando una nicchia di privacy riservata e acusticamente protetta. Può configurarsi come una postazione operativa oppure come postazione temporanea, in cui lavorare in modo informale o dedicarsi a call, in piedi o da seduti.

Malmö

Nordic essence

DESIGN
CMP Design, 2012

EN — Malmö tables evoke domestic warmth sensations thanks to the touch of ash wood, their peculiar shapes and the appeal to tradition imagery. Designed to fit in convivial spaces, these tables have tops in veneered ash wood, HPL solid laminate or lacquered MDF, combined with tapered solid ash wood legs.

IT — I tavoli Malmö sono in grado di esprimere una sensazione di tepore domestico grazie al piacere tattile del frassino, all'espressività delle forme e all'affinità con un immaginario tradizionale. Pensati per essere collocati in luoghi conviviali, presentano un piano realizzato in frassino impiallacciato, stratificato o MDF laccato, e gambe in massello di frassino tornite.

Anemos

Sculpted by the wind

DESIGN
Pio & Tito Tosco, 2023

EN — Anemos is a table characterised by simple and architectural shapes designed to enhance the materiality of concrete. The distinctive feature of Anemos is the base, composed by two separate concrete shells secured to the top. Their double curvature and sinuous shapes recall a structural membrane. The result is a table that seems sculpted by the wind, visually light yet stable and solid due to its significant weight, capable of supporting large tops.

IT — Anemos è un tavolo caratterizzato da forme semplici e architettoniche volte ad esaltare la materialità del cemento. Il tratto distintivo di Anemos è la base, formata da due gusci di cemento separati tra loro e fissati al ripiano. La doppia curvatura e le forme sinuose ricordano una membrana strutturale. Il risultato è un tavolo che sembra scolpito dal vento, otticamente leggero ma allo stesso tempo stabile e solido grazie al suo importante peso, capace di supportare ripiani di grandi dimensioni.

Caementum

The importance of the material

DESIGN

Marco Merendi & Diego Vencato, 2021

It—Caementum is a monoblock concrete table specifically designed for outdoor use. Through the addition of carefully selected additives, this highly resistant material guarantees excellent technical performance, including ease of cleaning, greater resistance to mechanical stresses and weathering, and low permeability to liquids and stains. The surface of the base features the material's typical blowholes, while the top is completely smooth.

it—Caementum è un tavolino monoblocco realizzato in cemento pensato specificatamente per l'outdoor. Un materiale resistente che, grazie all'aggiunta di additivi accuratamente selezionati, garantisce ottime prestazioni tecniche, tra cui una facile pulizia, una maggiore resistenza meccanica e agli agenti atmosferici, oltre che consentirgli di non assorbire liquidi e di non macchiarsi. La superficie della base è caratterizzata dalle soffiature tipiche del materiale mentre il ripiano è completamente liscio.

Frank

Architectural illusion

OF SIGN
Robin Rizzini, 2023

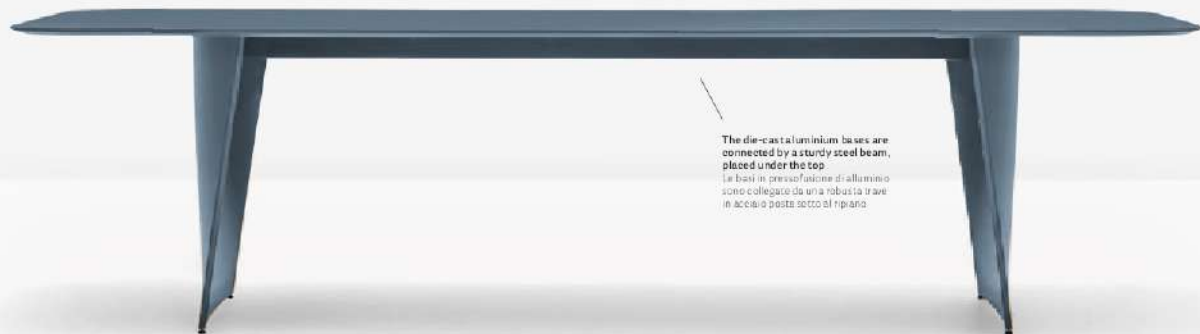

Frank is a table inspired by architectural shapes and industrial materials. The structure on which the top rests is made up of two slightly curved die-cast aluminium bases with variable thickness. Seen from the front they are slightly arched and resemble the shape of a sail, creating a light and ethereal optical effect. Seen from the side, the volume appears full. Together, rational lines and curves contribute to conveying an image of lightness and contemporaneity.

Frank è un tavolo ispirato da forme architettoniche e materiali industriali. La struttura su cui appoggia il ripiano è composta da due basi in pressofusione di alluminio dallo spessore variabile leggermente curvate. Viste frontalmente richiamano la forma di una vela che, leggermente inarcate, creano un effetto ottico leggero ed etereo. Osservate lateralmente il loro volume appare pieno. Linee razionali e curve insieme contribuiscono a trasmettere un'immagine di leggerezza e contemporaneità al tempo stesso.

Top and bases available in honey, blue
and terracotta matte-coated Fenix®
Ri piano e basi disponibili in Fenix®

Elinor

A classy hug

DESIGN
Claudio Bellini, 2019

EV—The Elinor collection of tables brings to mind the soft, curving lines of the namesake executive chair, springing from a new perception of space and conveying a refined yet contemporary image. The base is formed of two moulded elements of fixed dimensions, made from rigid polyurethane foam and upholstered in genuine leather; they support a table top in ultra-thin solid laminate, with rounded lacquered MDF support beneath it which conceals the steel structure.

IT—La collezione di tavoli Elinor riprende le linee morbide e soffici della poltrona omonima proponendo una nuova percezione dello spazio e trasmettendo un'immagine raffinata e contemporanea. Una base costituita da due elementi sagomati di dimensione fissa realizzati in poliuretano rigido e rivestiti in pelle sostengono un ripiano in stratificato ultrasottile attraverso un sottopiano in MDF laccato dalla forma bombata, che nasconde la parte strutturale in acciaio.

Aero

Pure stability

DESIGN

Daniele Lo Scalzo Moscheri, 2007

EN — Aero is a sturdy table with generous dimensions, simple in appearance but with a great character. A glossy lacquered steel cover splitted in two shells hides a central square or rectangular base with rounded corners.

The top, available in different finishes, is elegant and refined.

IT — Aero è un tavolo stabile e dalle dimensioni importanti, semplice all'apparenza e dal carattere forte. Un rivestimento in acciaio laccato lucido, suddiviso in due gusci, cela una base centrale di forma quadrata o rettangolare smussata agli angoli.

Il ripiano, disponibile in diverse finiture, risulta elegante e raffinato.

Surface

Elegance is an attitude

DESIGN

Daniele Lo Scalzo Moscheri, 2007

EN – Surface extendible table comes from the desire to find a perfect connection between the architectural and the design sphere. The tapered section of terminals and legs gives formal lightness. The aluminium guides allow an easy extraction of the two extensions.

IT – Il tavolo allungabile Surface nasce dall'idea di trovare una ideale connessione tra la sfera architettonica e quella del design. La sezione rastremata di terminali e gambe dona leggerezza formale. Le guide in alluminio permettono una facile estrazione delle due allunghe.

Exteso

The lightness of the shapes

DESIGN

Pedrali R&D, 2006

EN— Exteso is a wooden table, a traditional structure combined with an innovative invisible extension mechanism made of extruded aluminium. An essential table, featured by great versatility of use, in which the authenticity of the material and the lightness of the design are harmoniously blended.

IT— Exteso è un tavolo in legno, che unisce una struttura tradizionale a un innovativo meccanismo di estensione invisibile realizzato in estruso di alluminio. Un tavolo importante, caratterizzato da una grande versatilità d'uso, in cui la concretezza della materia e la leggerezza delle forme si uniscono armoniosamente.

Fabbrico

All steel

DESIGN
Pedrali R&D, 2014

EN — Fabbrico is a collection of steel tables that stands out for its minimal, essential aesthetics. The indoor version enhances the nature of the material giving an industrial touch to the surrounding spaces.

IT — Fabbrico è una collezione di tavoli in acciaio caratterizzata da un'estetica minimal, essenziale. La versione indoor esalta la natura della materia regalando un tocco industrial agli spazi.

Togo

Functional Design

DESIGN

Pedrali R&D, 2010

EN — Square and essential shapes for the Togo table collection.
The legs in extruded aluminium are combined with tops of different
dimensions and finishes by means of plates in die-cast aluminium.

IT — Forme squadrate ed essenziali caratterizzano la collezione di tavoli Togo.
Le gambe in estruso di alluminio sono abbinata a piani di diverse dimensioni
e finiture mediante piastre in pressofusione di alluminio.

Snow

Organic shapes

design
Odo Fioravanti, 2008

en — The playful shape, its adaptability to indoor and outdoor use and stackability are characteristics that have made Snow a functional and versatile product. Snow table is comes from the desire to transmit these sensations, expanding an already successful collection.

it — La forma giocosa, la capacità di adattarsi ad ambienti interni ed esterni e l'impilabilità sono caratteristiche che hanno reso Snow un prodotto funzionale e versatile. Il tavolo Snow nasce proprio dall'idea di trasmettere queste sensazioni, ampliando una collezione già di successo.

Serif

Graphic sinuosity

DESIGN
Odo Fioravanti, 2011

EN — *Seriftable* stands out for its three-dimensional composure inspired by the architectural element of the column and at the same time by the "serif", typical of the typefaces.

IT — Il Tavolo *Serif* si contraddistingue per una compostezza tridimensionale che si ispira, da un lato all'elemento architettonico della colonna, dall'altro alle "grazie" proprie dei caratteri tipografici.
